

# Audio Visual Systems

## Professional Presentation Systems

Vision Technologies' Audio Visual team provides the design, integration and support of audio-visual systems nationally. Our customers include both government and commercial clients in the following market segments:

- ▶ Healthcare
- ▶ Education
- ▶ Hospitality
- ▶ Corporate
- ▶ Legal & Judicial
- ▶ Military
- ▶ Religious Institutions

Working closely with architects, designers, facilities managers and both IT and construction professionals, Vision Technologies designs, builds and installs world-class audio visual environments for all forms of presentation, communication and collaboration.

Our Technical Services include:

- ▶ Design and Project Engineering
- ▶ Consulting
- ▶ Installation/Integration
- ▶ Documentation
- ▶ Training
- ▶ Service and Support

Leveraging Vision's many years of experience as a Network Systems Integrator, our technical staff has the knowledge and expertise to engineer, design and deliver a fully integrated AV solution. Our network integrated solutions include:

- ▶ Video Teleconferencing
- ▶ Interactive Displays
- ▶ Audio Conferencing
- ▶ Video / Computer Presentation
- ▶ Digital Signage
- ▶ Background Music / Paging / Public Address
- ▶ Sound Reinforcement
- ▶ Sound Masking
- ▶ Video Distribution / Switching
- ▶ Video Walls
- ▶ Control Interfaces
- ▶ Production Intercom
- ▶ Building Management Control

We consult with you to understand your vision through our detailed on-site needs analysis study. We provide an initial design concept and preliminary equipment specification to ensure customer satisfaction and understanding throughout the process.

Upon final design, Vision's team of industry certified engineers, project managers and field technicians work closely throughout the project life cycle to implement these systems on time and within budget. Our quality service continues with extended maintenance and warranty agreements covering both product and connectivity.
